FREE FOR iPHONE AND ANDROID

Get the Church Center app

Groups, signups, and giving in one place

Golden City Church uses Church Center for life together during the week. In the app you can find a group, ask to join, see when and where it meets, and message the people in it. Church news still comes by email, so the app is optional.

SET IT UP

1. Scan the code below with your phone's camera.
2. Tap **App Store** or **Google Play** and install Church Center.
3. Open the app and tap **Get started**. If it asks to use Golden City Church's link, tap yes. Otherwise, search for **Golden City Church**, choose the one with our logo, and tap **This is my church**.
4. Enter your mobile number or email, then the six-digit code Church Center sends you.

IN THE APP

Groups
Find a group and tap Request to Join. Members see its details and can chat.

Signups
Register for church events when signups are open.

Give
Give once or set up recurring gifts, and see your giving history.

Your profile
Keep your contact information current so your group leaders can reach you.

Scan to get the app

Point your camera at the code. Golden City Church is already selected.
